Introduction

Siggol Logistics is a freight forwarding company based in Kenya with branches in the port of Mombasa and has other offices in East and Central Africa. We specialize in the provision of logistics solutions with our services ranging from transportation of cargo, customs documentation, provision of air, sea, road and rail freight services.

At Siggol Logistics we plan, implement, and operate both simple and complex supply chain solutions on a global, regional, and national scale on behalf of our clients. We pride in offering high quality services and that is why we are highly sought out for as a freight forwarder and logistics service company.

Our project logistics are close to you as we are based in one of the busiest ports, Mombasa Kenya. Additionally, we continue to serve our clients from our subsidiary offices in various parts of the globe such as the port of Dares salaam in Tanzania. Not to forget, our freight forwarding company wings also stretch in landlocked countries through our satellite offices to ensure we are with you.

As a Logistics Company we specialize in offering clearing and forwarding services, warehousing, customs brokerage, transportation of cargo, and distribution and supply chain management. At Siggol Logistics Company we provide efficiency, effectiveness, and professionalism as a package to ensure the needs of our clients are satisfied.

What We Are About

Our Mission

To offer excellent and quality freight forwarding services.

Our Vision

Connecting the world for a better future through efficient and affordable logistics services.

Our Core Values

Quality

Service quality is one of the critical aspect and when it comes to our clients, we ensure that the services offered are premium and outstanding.

Customer Commitment

We develop a long-term relationship with our clients and we ensure they are well valued.

Teamwork

We belief togetherness is the key to success. We work across a diverse team, well trained and ready to support so as to achieve our set goals.

Integrity

Trust is the key to building a long-term business relationship, we ensure that the set standards and ethical measures are followed.

Our Main Services

Air Freight Services

Siggol Logistics Company offers air freight services to our esteemed clients. We have a healthy collaboration with various top performing airlines that boost the efficiency, effectiveness, and reliability of our services.

Our air freight forwarder service gives both our clients and their consumers a competitive advantage as we work hard and smart to deliver optimal logistics solutions. Our Air freight service is guided by innovative approaches, systems, and facilities that ensure:

- Reliable, fast, and efficient supply chain.
- Door to door delivery or freight forwarding to arrival airports.
- Express services and direct airlines for more urgent consignment.
- Delivery services or cargo pick up.

Sea Freight Services

Siggol Logistics being an independent freight forwarder ensures that our clients get the best rates from various shipping companies. We being based near the port of Mombasa give you the business advantage you need in terms of options for LCL (Less than container load) and FCL (full container load) shipments around the globe.

Our sea freight forwarding services offer cost-effective and outstanding logistics solutions. All our service designs are of high standards and meet the international shipping requirements. We have the experience, guidance, solutions, and expertise tailored to fit all your requirements and expectations.

Road Transport Services

At Siggol Logistics Company you will enjoy flexibility, direct connection availability, and short travel times when transporting your cargo. Our offices are strategically open to ensure all your queries are handled and we ensure appropriate punctuality and reliability.

Customers nowadays demand a freight forwarder that provides more than just a vehicle and a driver. At Siggol Logistics Company we understand that the key to punctuality and reliability is an excellent routine process, great IT infrastructure, and tight operational planning.

Siggol Logistics Company offers cargo transport services of different consignments within East and Central Africa.

Project Cargo Handling

Siggol Logistics Company has the skilled expertise required to manage both small and heavy lift projects for you. We have over the years built a grand reputation in heavy lift shipments and project cargo logistics.

Our team is committed to ensuring all project cargo handling operations run smoothly as they have an in-depth understanding of handling cargo's with transport and customs agencies, and port agencies. We provide creative and innovative project cargo handling solutions as well as technical engineering services to ensure a project completion and timely delivery.

Our project cargo logistics operations also include:

- Project planning and site inspection
- Selection of reliable carrier and route surveys
- Trace and track goods with en-route reporting
- Customs clearance
 - Closing report at final stage delivery

Warehousing & Storage

Our warehouse and storage facilities are located strategically in Mombasa and Nairobi among other places. At Siggol Logistics Company Warehouse, we receive, check, store, consolidate, and distribute materials and goods in line with our clients' requirements.

Our warehouse and storage facilities meet stringent health and safety standards to ensure our customers' goods are meticulously cared for. This makes us our cargo handling in Kenya and the rest of the world is well sort out for by various people.

Our warehouse and storage services spread to include:

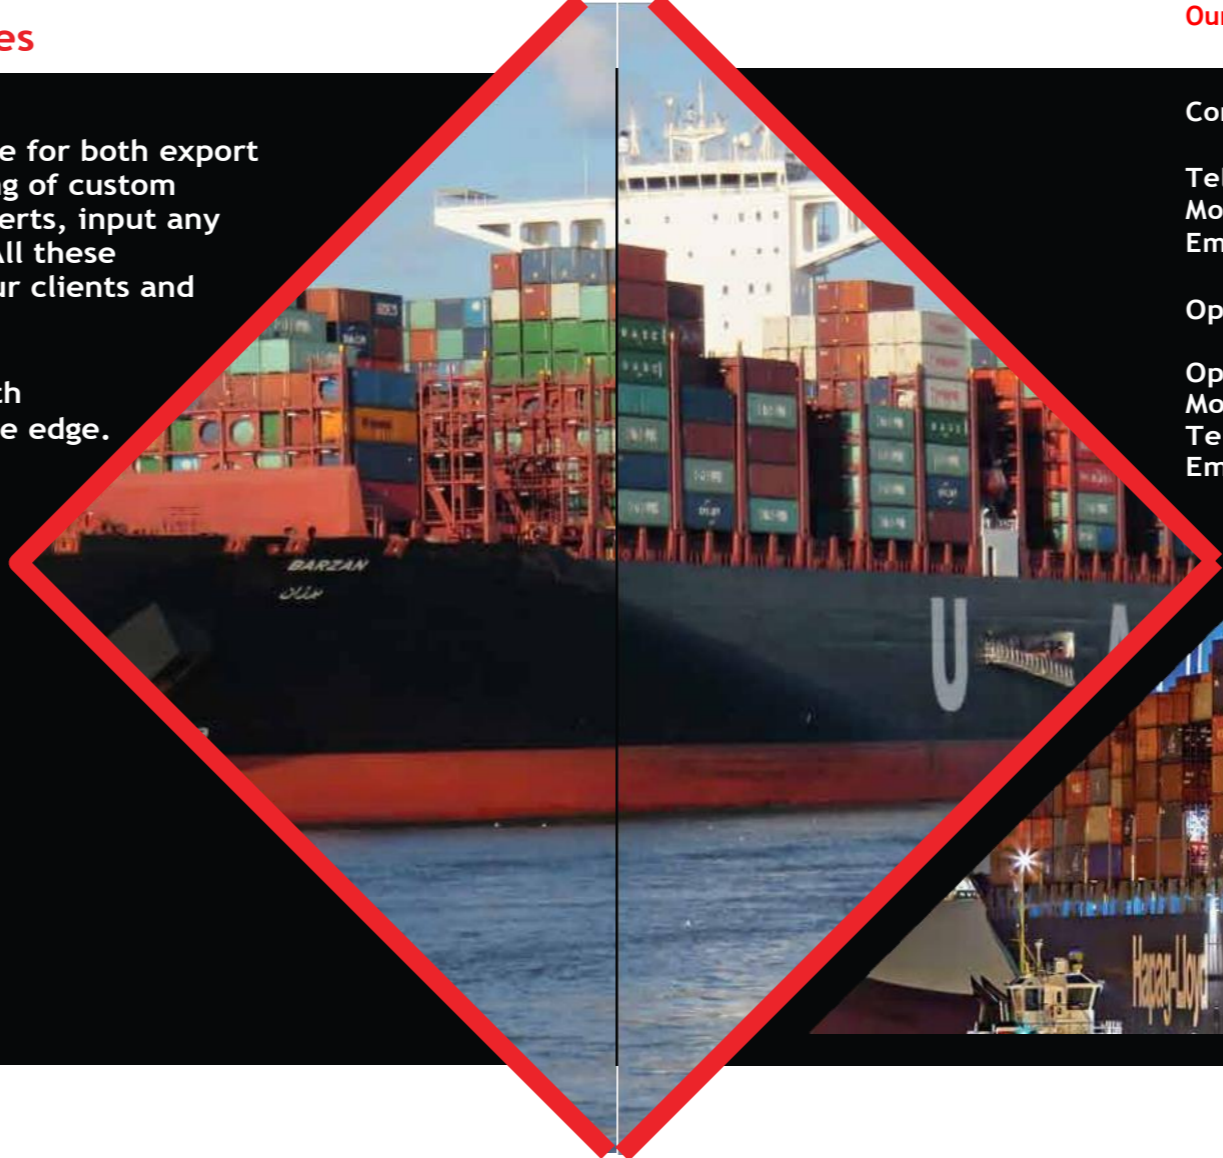

- Man-lift and forklift services including all storage types
- Cross stuffing
- Safe packaging with racking and interlocking systems of professional setup
- Supply chain management
- Pick and pack
- Skidding and lashing
- Perishable cargo
- Exhibition cargo
- Relocation and personal effects

Customs Clearance & Brokerage services

Siggol Logistics Company offers customs clearance and brokerage for both export and import consignments. Because of our intimate understanding of custom clearance procedures, we are able to prepare on time all pre-alerts, input any electronic submissions, take care of taxes, excises and duties. All these processes are adequately handled and communicated to both our clients and custom authorities.

Siggol Logistics Company close cooperation and coordination with custom departments, airlines and shipping gives us a competitive edge. Our customs clearance and brokerage full processing include:

- Reliable and fast service at Mombasa sea port and the airport
 - Any volume, weight cargo at the port
 - Clearing and forwarding of all sizes
 - All necessary documentation processing
 - Transport and site delivery
 - Careful unloading and loading
 - Proper monitoring of warehouse and storage facility
- Special handling
